We have a free DLC ready for download on Steam, the Total War Attila English Language files. This is a language pack which contains over 12,000 words from the CD-ROM of an early Total War game. # The language pack includes all the patch updates from the original version to date of release. If you have been waiting for new or updated content that is not available in your native language then this is a great opportunity to get it now at no extra cost!

Total War Attila English Language files download: http://store.steampowered. com/app/327580 At the release of the first Rome: Total War, players were greeted with a brand new, fully Latinised language selection. This has been carried through to Rome: Total War Kingdoms and Empire: Total War, so those who have been keen to check out what it would be like to play in English can now do so.

A full list of changes is available on Steam; here is a run-down of some of them:

The English Language pack files are now available for free download for Steam users. Just go into your game library and right click on Rome Total War Gold then choose "Properties".

Follow the Digital River link in the Downloadable Content section, fill in the email address details and click on Download.

After downloading, unzip the file into your Rome Total War Gold game folder. You should copy over all the text files into your game's directory, because there are important files included in this package that will not be updated with Steam.

Total War Attila English Language files download: http://store.steampowered. com/app/327580 The Roman Empire is preparing to launch its own invasion into Britain across the North Sea. With the Roman Army in full steam, it is time for the Celtic tribes of Britannia to take up arms and defend their land from this devastating invasion.

Revolutionary New Technologies:

New Gameplay Systems:

New AI Behaviour:

Greater Map Sizes:

Versus AI improvements:

In-game menus have been revised and improved with a new "campaign overview" map mode, a new unit list mode and a revised in-game report command. Other improvements include a cleaner uninstaller and a range of smaller bug fixes.

Total War: ROME II - Caesar in Gaul (DLC)

Total War: ROME II - Nomadic Tribes Culture Pack (DLC)

Total War: ROME II - Pirates & Raiders (DLC)

Total War: Rome II is available for Windows PC. This version does not include Steam functionality.

The Digital Collector's Edition includes the game and the official strategy guide.

"Rome II" is currently in development, with no confirmed release date.

This content requires the base game "Total War: Rome 2" to access. Additional hardware may be required for Remote Play.
